

## Appeal

As you know, the rampant spread of the COVID pandemic has put tremendous pressure on India's healthcare system and we have a shortage of medical equipment, especially oxygen concentrators. Therefore, I urge the Punjabi Diaspora living overseas to take up the cause for saving mankind; especially the people of Punjab, in this hour of need and contribute to saving the human race.

In this hour, we need oxygen concentrators the most, along with other necessary items. If anyone is interested to provide the Oxygen Concentrators, they can contact with the Director-cum-Secretary, Department of Industry and Commerce, Sh. Sabin C, IAS on Phone Number-0172-2701214 and e-mail [dir.ind@punjab.gov.in](mailto:dir.ind@punjab.gov.in). Sh. Sabin C, IAS has been given the responsibility of liaising with NRIs for donations.

Finally, I plead once again to all of you to come forward for helping our roots, our land, our people, our loved ones; so that your invaluable contribution in this fight to save the humanity would be noted down with golden letters in history.
